Noritake has been creating new value to meet the diversifying social environment and needs that are evolving with time.

Since its foundation, the Noritake Group has applied and developed a range of proprietary technologies, and currently operates its business in four main areas. We will continue to meet demand for new needs that are ever-evolving with time, and focus on creating new value that further enriches

China)

2013 Began operation NORITAKE ABRASIVES (SUZHOU) CO., LTD.

We are one of largest comprehensive manufactures of grinding and polishing tools in Japan, supporting indispensable processes in manufacturing - cutting, shaving, and polishing materials - through world-class technologies. Our Group also includes NIPPON RESIBON CORPORATION that handles general-purpose grinding wheels and coated abrasives. Through a wide product lineup, we contribute to the development of many industries including automotive, steel, bearings, aerospace, shipbuilding, medical, and semiconductors.

Ceramics & Materials Business

Technologies for crushing, mixing, molding, and printing produce outstanding materials and components that play roles in many fields. They support a variety of industries that manufacture electronic components, such as multilaver ceramic capacitors, as well as automotive

With our core technologies of heating, mixing, filtering, and cutting, we provide wide range of engineering equipment to a variety of industries including automotive, electronic components, chemicals, medicines, and food. We contribute to greater efficiency and energy savings in the manufacturing workplaces. We develop and design drying furnaces, heating furnaces, agitation equipment, filtration equipment, carbide tipped circular sawing machines, circular sawing cutting machines, and other equipment to match customers' needs.

For almost 120 years. Noritake's tableware has been loved around the world. We offer a wide lineup of beautiful and easy-to-use tableware for daily use at home and for gifts, as well as for commercial use in hotels, restaurants, in-flight service, and more. By providing products infused with impeccable quality and taste, we enrich our
